Hi, I would like to thank MDO.....

Making doctors organization is the best platform I have found. it give the opportunity to become a doctor not only from many countries . it is best because it has pre- orientation classes in which the students can enhance their communication skills and also the self confidence and self esteem. it is also good for self development and it taught me how to manage in other countries.

Thank you so much

Hi, I would like to thank MDO.....

MAKING DOCTOR ORGANIZATION is one of the finest platform I found . It gives the opportunity to many students to become doctor in future. Also the pre- orientation program is the one which brings up my ability and self confidence. It also prepare me on how to manage in other country and personality development I am glad to found such an amazing foundation which not only send student for MBBS studies but also build up their confidence

Hi, I would like to thank MDO.....

MDO is one of the trusted organization I have come across. It was totally a new experience being here in MDO. Here they give classes of pre-medical orientation in which we learnt basic anatomy, physiology, medical terminology, forensic medicine, etc. There was an entire session on personality development. We were also given an opportunity to analyze a live post mortem at GMERS, Gandhinagar.

Hi, I would like to thank MDO

My experience of MDO is very excellent and fabulous. We all students attended the pre-medical orientation Program and were benefitted in many ways like overcoming stage-fear, building self confidence and personality development and increase command on English language. Our main benefit is now we are familiar with medical subjects and terminology. My best experience in MDO is ,we all students got chance to see live post mortem and learn many things from it. We celebrated Independence day by showing our art skills. We enjoy and learn a lot with friends!

Hi, I would like to thank MDO.....

MDO is very great organization for students who have the dream to become a doctor. After admission formalities done they arrange pre-orientation program where basic knowledge of MBBS is given. They are helping the students to develop their personality. MDO is the institute where the student gets an exposure towards world by giving the practical knowledge by various field visits. They help students to get with their colleagues with whom they will be spending the next 5 years. The efforts given by the organization is commendable. At last thanks to MDO for fulfilling our dreams and preparing us.

Hi, I would like to thank MDO.....

A Future Doctor, who started his MBBS journey from an organization known as MDO. I Come to know about MDO through Amal Sir, who council me about the various query which I have before pursuing into foreign MBBS. Making Doctors Organization has a pre-planned orientation programme of almost 45 days. In this 45 days we have been given lectures on various medical topics by experienced doctors I am very thank full to Dr.Anil Chauhan sir and Umangsir for their guidance and giving us the opportunity to see live post mortem , lectures on organ donation and forensic medicine and various other field visits. I would definitely recommend MDO for anyone who wants to pursue MBBS in Foreign country and a am grateful for the experience here.

Hi, I would like to thank MDO.....

MDO is a very great organization. My experience here till now has been very interesting. It gave me new friends who are now a big part of my life. This organization has helped me a lot and I am very thankful to everyone here as they are helping me to fulfill my childhood dream. Pre-orientation, organized by them is very interesting, innovative, motivational and inspirational. We have done a lot of group activities together and enjoyed each and every one of them.

Hi, I would like to thank MDO.....

Making Doctors organization is providing an excellent base for those who are interested to make their career in medical field and were unfortunately unable to get admission in MBBS colleges in India. But keeping no regrets, this organization helps the students to fulfill their dream of becoming a doctor by studying abroad and acquiring new abroad culture, technology and their study patterns. These universities are WHO and MCI accredited which help Indian students to practice in India who have studied abroad along with gaining exposure to the outside world. The pre-medical orientation programmed arranged by MDO prepares the students mentally for their upcoming 5 years in their respective countries.

Hi, I would like to thank MDO

The main aim of the pre orientation program organize by the MDO is to help student in understanding various subjects of MBBS and to understand and resolve the obstacles of abroad education . The organization help the students for fulfilling their dreams' learn the important things such as manners, which is important for us. They teach us how to value our surrounding, and respect everybody equally.

Hi, I would like to thank MDO

One of the most trusted institution I have come across. This organization helps students who have registered here to pursue MBBS abroad in countries like China, Russia, Georgia, etc. They help in pre medical orientation and give personal attention to each and every student. In Pre-medical Orientation they taught us about basic anatomy, medical vocabulary, personality development etc... It was really good experience to be a part of MDO.

Hi, I would like to thank MDO.....

Some things in life always had a reason to happen, Same way I was facing taking admission in India. But my mind was clear for MBBS so I opt out for Abroad MBS and came to know about Making Doctors Organization. My first visits became the end of my search for abroad MBS and I finalized my admission in first visit. Great Activities in Pre-Orientation and building the self confidence in 45 days of session.
